Dear Hiring Team,

With reference to your job posting, I would like to apply for the data science internship position. The reason behind me applying for this internship is that it allows me to expand my predictive analytics and analysis capabilities.

I am passionate about statistics and analytics, which led me to pursue a Bachelor of Business Computing, followed by a Master of Big Data and Artificial Intelligence. I recently completed several projects regarding my studies in which I learned valuable critical thinking and problem-solving skills that would make me a great addition to your team.

I have extensive experience in Java, Python, and R, as well as Xamarin,.NETand SQL. As a passionate Data Scientist, I have the experience needed to help your company grow. I am dedicated to continuously learning and enhancing my skills. I admire your dedication to data-informed product building, and I would be thrilled to join the team. I have attached my resume, which further outlines my education and experiences.

Please feel free to contact me if you have any questions. I appreciate your time and consideration, and I hope to hear from you soon.

Sincerely, Mohamed Achref Langliz
